Skills for Care Common Induction Standards.

The standards now map across to the mandatory units of the new QCF Health and Social Care Diploma to ensure there is consistency of approach for Social Care workforce. There are now eight standards, however they will not take any longer than the old standards to complete and the core elements are still retained.

The standards

Standard 1 Role of the health and social care worker

Standard 2 personal developments

Standard 3 Communicate effectively

Standard 4 Equality and Inclusion

Standard 5 Principles for implementing duty of care

Standard 6 Principles of safeguarding in health and social care

Standard 7 Person-centred support

Standard 8 Health and safety in an adult social care setting

Each standard contains a number of areas of knowledge that care workers need to know about before they can work unsupervised. Managers have a duty to ensure new staff know enough to meet the required outcomes in each knowledge area.

If carried out in depth, they can provide excellent evidence of underpinning knowledge towards the diploma at level 2 or level 3.

The course is delivered in 2 weeks. First week is presented by means of tutorials, practical exercises and group discussions. Second week is practical where candidate is in placement in a social care organisation.

Cost:

Our common induction training is competitively priced at £152 per candidate plus another £48 for CRB check.
